SUMMARY

A versatile and strategic **Product & Brand Designer** with a unique background that combines brand management with digital product design. I am skilled at transforming business challenges into clear and compelling visual product experiences, with a strong focus on bridging brand identity with user-centric design.

PROFESSIONAL EXPERIENCE

ELEMENTARY SCHOOL | Educational Assistant & Volunteer (2025)

- Provided hands-on assistance in both **educational and social** activities for first-grade children. I used a creative and empathetic approach to foster a positive learning environment and help children connect with their peers, promoting positive relationships.

[NRGENE | Graphic Designer & Brand Strategist \(2024\)](#)

- Drove brand identity and strategic vision for three key company brands, establishing a unified and impactful market presence.
- Crafted compelling investor decks and board presentations, converting intricate data and business strategies into clear, persuasive visual stories.
- Managed end-to-end design for international marketing campaigns, ensuring brand consistency and market visibility.
- Created and optimized digital content for platforms like LinkedIn and Instagram, significantly enhancing audience engagement and brand reach.

[FREELANCE | UX/UI & Graphic Designer \(2021-2023\)](#)

- Designed and prototyped responsive web and mobile interfaces, delivering user-centric solutions aligned with client business goals.
 - Conducted full project lifecycle management, from initial concept to final high-fidelity design.
 - Collaborated directly with clients to understand their needs and deliver custom graphic and branding solutions that met their unique goals.
